Music for the Jack & Jill and Strictly Swing competitions. Our Competition DJ will select all music in advance for our Jack & Jill, and Strictly Swing competitions. Music for finals spotlight dances will be approximately the same length of time for each couple. The event reserves the right to provide a choice of music to spotlighted couples (Choices may be Blues, Contemporary, 60's, Rock or Slow, TBD). The exact time of fade out is left to the DJ's discretion to maximize the effectiveness of the music. If the judges need more time to determine their callbacks or final placements, the Chief Judge may request that additional music be played.

Rising Star Summary

Our Rising Star competition is intended for adult couples that are relatively new to performing a choreographed routine. Competitors enter as couples, supply their own music, and perform a swing dance routine (any recognized style) prepared in advance. Routines may follow either the "Showcase" or "Classic" format.

Eligibility

To enter Rising Star, both partners must be at least 18 years old (or petition for an exception).

You may choose to enter as either a "leader" or "follower." There are no gender restrictions for your chosen role.

If you enter another couples competition (such as Strictly Swing), you must compete with a different partner each time.

If you have placed in the top 5 in a NASDE Showcase or Classic competition in the past 5 years, , or qualify for a Champions Jack & Jill division, you are **not** eligible to compete in Rising Star.

We reserve the right to limit our Rising Star competition to the first 15 couples that enter. A complete entry must include the entry form with signed waivers from both partners, along with the entry fee.

Format

1. Routines performed in our Rising Star competition may include any recognized style of swing dancing. Our judges will expect to see at least 60 percent recognizable swing content.
2. Your performance must be a minimum of 2 minutes and a maximum of 3 minutes, including any formal entrance or exit.
3. Time and judging start from the first moment of your performance (with or without music). You and your partner may make separate entrances.
4. Once you make contact, you and your partner must maintain physical contact except for spins, turns, acrobatic maneuvers, short breakaways, and recoveries.
5. Lifts, aerials, acrobatic maneuvers and "on the ground" weight support moves (such as drops, slides, or splits) are allowed (but not required).
6. Costumes are allowed and encouraged. Tasteful attire is required.
7. Our competition director or chief judge must approve in advance the use of any props in a routine to ensure that they are safe and in good taste.
8. You must submit your music to our competition DJ at least 3 hours prior to your competition. If possible, please bring your music to floor trials (see the weekend schedule). Please supply your music to the DJ on a USB flash drive. You may also want to bring a backup copy on a CD (marked with your name and the competition you are entering). You are responsible for retaining additional practice copies.
9. You may reclaim your music from our competition DJ after the competition. Any music not reclaimed by the conclusion of the weekend will be discarded.
10. Order of dance will be drawn during the contestant meeting.

Judging Criteria

All divisions will be judged using Relative Placement .

- A. **TIMING** - Swing is danced beginning on the downbeat. Timing extends to much finer distinctions than a single beat. It includes fractionally ahead or behind the beat, as well as matching the syncopated "swing" of the music.
- B. **TEAMWORK** - Swing is a connected, partner dance. The demonstration of this connection and the appearance of lead/follow or action/reaction between the partners is an expected part of any competition. One partner ignoring or out-dancing the other, or jeopardizing the safety of the other (or other Competitors), indicates poor teamwork.
- C. **TECHNIQUE** - How well the Competitors execute the movements comprising their dance constitutes technique. This includes control of balance and weight, foot placement, bodylines, and spins.
- D. **CHOREOGRAPHY** - The selection and order of movements and transitions executed during a dance comprises choreography. Good choreography demonstrates an intimate connection with the music and its phrasing, as well as variety and contrast.
- E. **PRESENTATION** - To create an atmosphere of excitement by inviting and generating interest in a performance is the desired effect of good presentation. While providing a good show is one aspect of presentation, a good show is not a substitute for good dancing.

Definitions

Aerial.

An aerial is a move in which one dancer is lifted with the assistance of his/her partner and the head and torso is in a position higher than the waist of the supporting partner. **Aerials are prohibited in all competitions except Showcase.**

Lift.

A lift is any intentional maneuver lasting longer than a full beat of music where the feet of one dancer are clearly off the floor and the partner supports the weight. This definition shall not include any of the following common syncopations or patterns: "flea hops"; "bunny hops"; "heel clicks"; "Flying Lindy" (and its obvious adaptations to other swing styles); "jumps" by competitors over the leg of the partners and leveraged slides. **Lifts are prohibited in all competitions**

Submitting a petition to change divisions

In competitions with more than one division, it is our goal to encourage you to compete with your peers in the correct division. If you are unclear about which division is right for you, check with our Competition Coordinator, Chief Judge, or Contestant Representative before you register.

If you feel uncomfortable competing in the division for which you qualify, you may submit a petition to compete in a different division. Write a brief explanation of the reason(s) for your request on the back of the entry form and submit it with your entry fee before the contest registration deadline.

Our Competition Coordinator (or another competition official designated by our Competition Coordinator) will review your petition (in consultation with the Chief Judge) and approve or deny your request. Our Competition Coordinator will notify you as soon as possible (no later than the contestant meeting) of the decision. You should attend the contestant meeting and be prepared to compete in the original division if your petition is denied.

Our verification of your eligibility

We will verify that you are eligible for the competitions you enter by checking the [WSDC Points Registry](#) (and other sources of information, if applicable). In some cases (for example, if you submit a petition or do not have the required WSDC points), we may reassign you to a different division.

If you have concerns that other contestants are entered in an incorrect division or are ineligible, please inform our Competition Coordinator, Chief Judge, or Contestant Representative privately, as soon as possible. We will investigate and take appropriate action, if necessary.

If we determine before or during a competition that you have registered for the wrong division or are not eligible, we will reassign you to the correct division (if possible) or allow you to withdraw. If we discover your error after the finals, we will drop you out of awards. If we made the error and assigned you incorrectly, no penalty will be applied.

Contestant Meetings/Contests

All contestant meetings are optional. **You are responsible for checking off your name on the posted rosters per division to confirm you are correctly registered.** You are responsible for knowing all rules for the divisions you dance in. All rules will be clarified at the contestants meetings if there is any ambiguity or questions. All Petitions will be communicated AT the contestants meetings. No petitions will be accepted after the contestant meetings. Rosters will be posted and divisions will run based on those rosters.
